STEP 4

Fill out [notification form](#) and submit along with construction plans to Harris County Permits office during normal business operating hours, (Mon-Fri 7:30 AM to 4:30 PM).
(A construction bond is required for the ROW notification to be issued.)

Construction Note:

*In situations where open cut of the roadway pavement is required. Do **NOT** replace the pavement after the repair work has been completed. Use temporary steel plating to cover the open cut area and provide proper warning signage at the project location. All warning signs shall be in compliance with part 6 of the Texas manual on Uniform Traffic Control Devices. The owner must contact Harris County Permit office at (713-316-3562) during normal business hours to request an inspection of the site. Upon inspection Harris County will determine the extent of the pavement repair that will be required. Once this determination is made, the owner shall submit plans that accurately represent the required pavement repair along with the notification application to the Harris County Permits office.*
