

HARRIS COUNTY FIRE CODE

CODEWORD

Codewords are used to clarify provisions of the Harris County Fire Code.
The sole intent is to provide information regarding acceptable practice.

Issue: Date: May 12, 2009

Subject: Requirement for Consulting Engineer

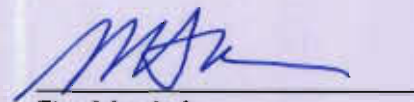

Question: Do Harris County regulations require a special engineer for hazardous or high piled storage facilities.

Answer: Yes

High piled and hazardous materials facilities shall be designed with the assistance of an engineer specializing in fire protection, licensed in the State of Texas.
